

The Pavilion

The Background

- Chichester District Council recognised the need for improved sports, lifestyle and health facilities in Wisborough Green in 2008
- No new amenities have been created since then
- The green and the pavilion sustain and support club and village sporting and physical activities
- The pavilion is accessed 25,000 times a year and serves over 600 members and their families

The Sports Pavilion is not fit for purpose

- Expensive to run, dilapidated and in need of major renovation
- Falls short of standards set by sports governing bodies for safeguarding
- No provision for disability/ no provision for mixed changing showering
- Bar area unwelcoming and abuts changing and showering facilities
- Insufficient storage
- Parking and access problems

Results of a 2013 a questionnaire
was sent to all WGSA members:

- Improved changing
- Improved bar
- Improved spectating
- Improved appearance
- Increased reason to attend
- Support diversity

Plus.....

The Idea? A new Pavilion

A stand alone bar
welcoming to all

A venue for
club events

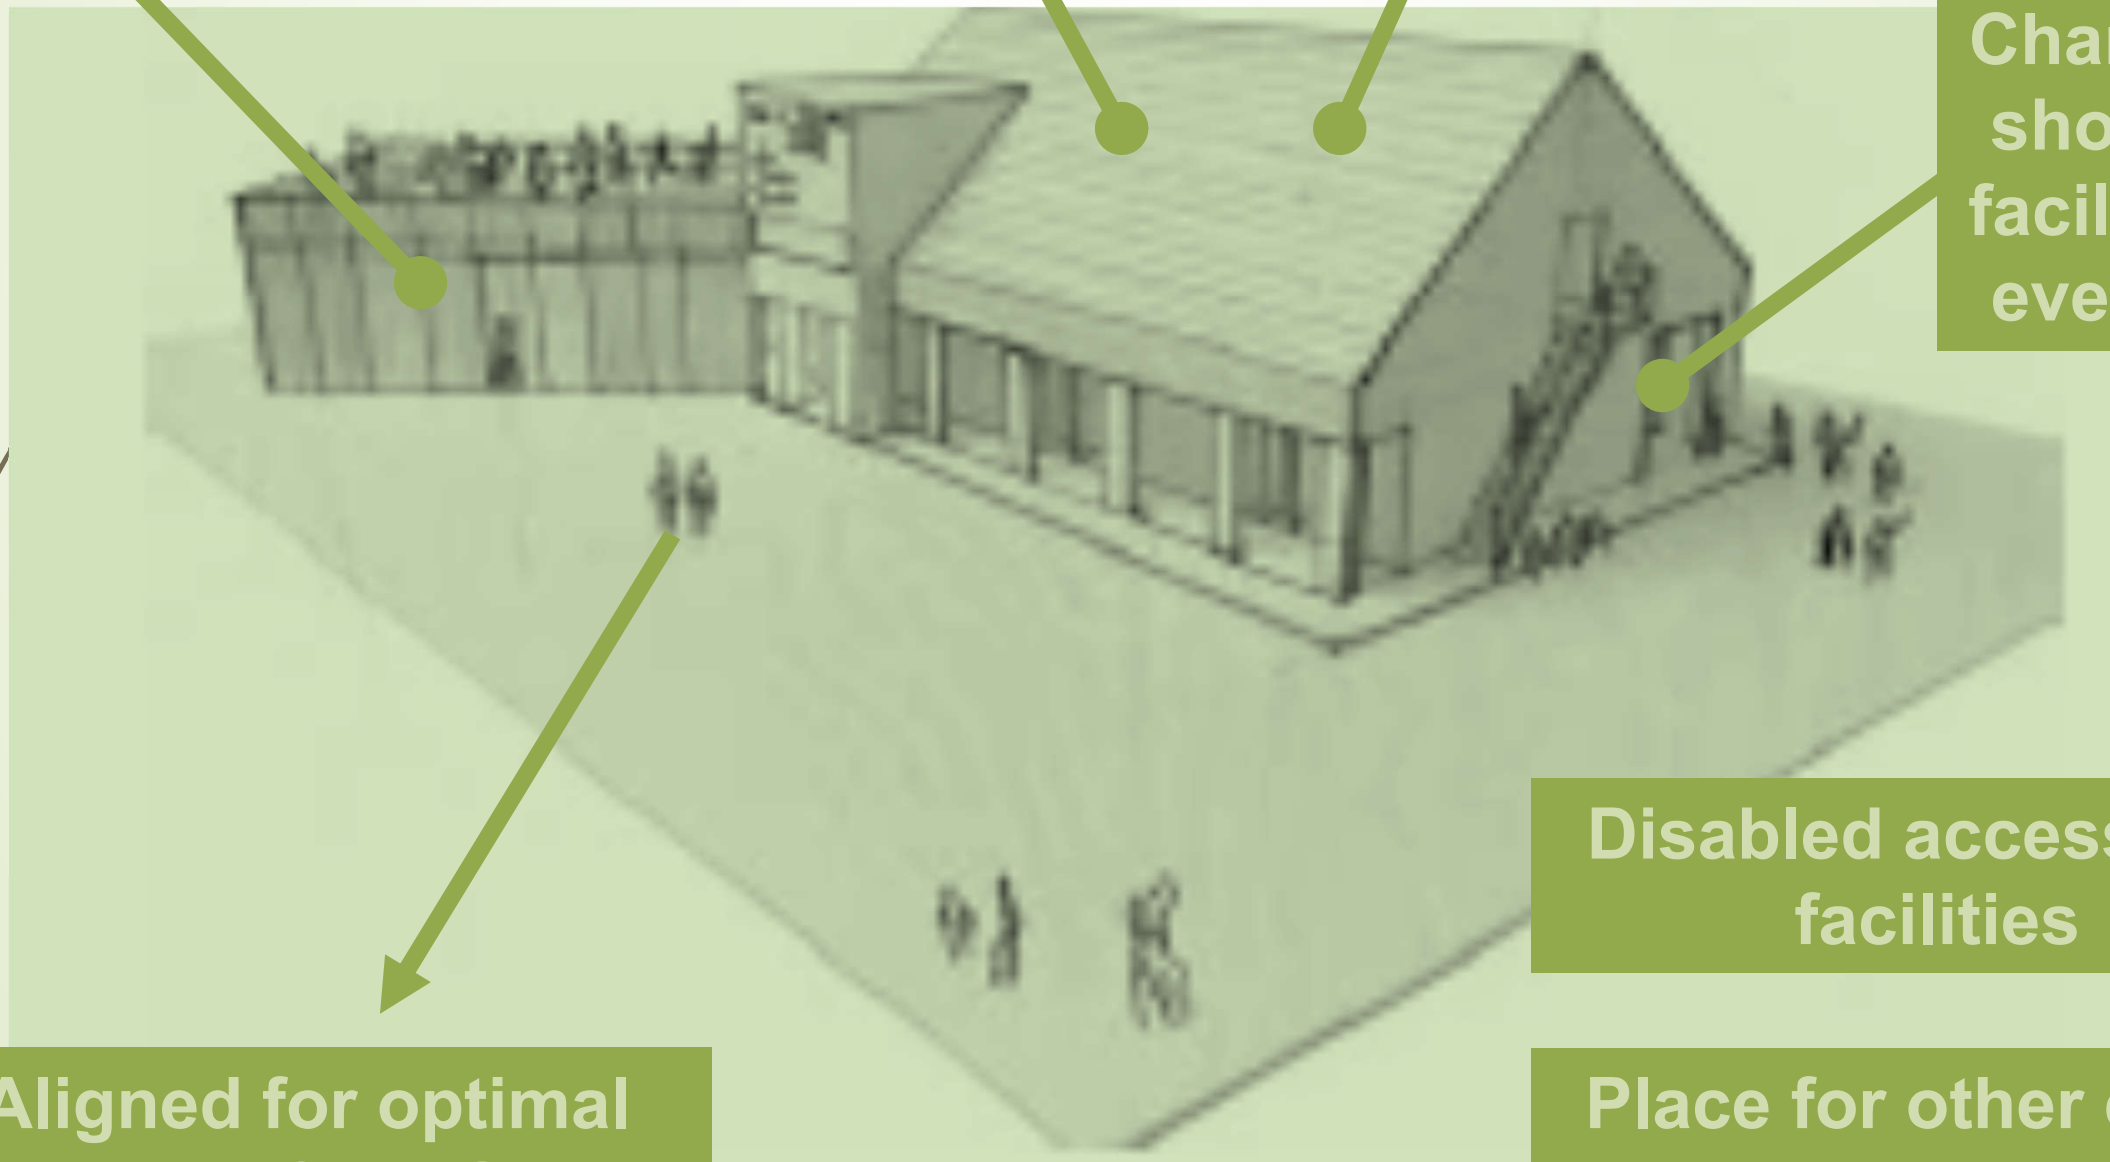

Multi purpose
space for activities

Changing &
showering
facilities for
everybody

Disabled access and
facilities

Place for other clubs
to thrive e.g. Pilates,
dance, fitness

Aligned for optimal
Viewing of the Green

Where have we got to?

- We have agreed plans with the sports clubs
- We have developed plans with the parish council's full approval
- We have consulted with Chichester District Council
- We have developed a pre planning application which is under review by Chichester District Council
- We are establishing a vehicle for fund raising and have begun to raise funds

What we'd like today

- Share your thoughts
- Help us create something that enriches village life
